

CANNERS TURN DOWN FARMERS' COUNTER OFFER ON TOMATOES

The Utah Canners association at the special meeting held at headquarters in the Fred J. Kiesel building, Monday afternoon, decided to make individual contracts with farmers of the state at \$2.50 per ton, according to Secretary J. S. Barker. A letter from M. P. Brown, chairman of the state farm bureau committee on tomato crops, in which it was stated that the \$2.50 offer had been refused and a compromise of \$3 per ton offered, was ordered filed.

Considerable discussion prevailed after the reading of the letter, it being unanimously agreed that efforts be taken at once to make individual contracts with the farmers for the coming year at \$2.50 a ton.

No further negotiations between the

canners and the farm bureau will be held, the canners announced.

Contracts for the farmers have been prepared and will be ready for the signatures within a few days, it is stated. Within a month tomato growers of the state will plant seed in the hotbeds.

At a recent meeting of the canners it was decided to double the output of 1921, it being planned to produce at least 250,000 cases during the next season.

Members of the Utah Canners association will meet with representatives of the American Can company February 13, to confer on the prices of cans for the 1922 season. Freight rate problems will also be discussed at this session, it is stated.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Caused of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juice. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement.

Wonderful New Discovery of Alexander Vitamins Quickly Put Firm Flesh on Thin, Scrawny People.

Any one can now easily have a plump, trim figure through the remarkable discovery of pure vitamin concentrates by Dr. E. B. Alexander, widely known chemist and dietetic specialist. Few people realize the importance of these mysterious, organic substances in the modern diet, but they have been found to be absolutely necessary to health. Almost like magic, thin people take on weight, unsightly hollows are filled out by firm flesh—your weight becomes what it should be according to your height.

Vitamins (Alexander) supply the necessary additions to the regular food diet to make for proper assimilation and nutrition. Their effect on weak, tired-out persons is remarkable. Within a few days after adding Alexander Vitamins to your diet, you will find new health returning, abundant vigor, normal appetite, and your weight approaching the figure it should be.

Alexander Vitamins are not to be confused with other vitamin products now on the market, which contain drugs. Alexander Vitamins are guaranteed pure vitamins—nothing but the pure vitamins extracted from a wide range of foods. Scientists agree that vitamins are complete in all functions and need no help from drugs. It is suggested that physicians only prescribe any drugs you may need.

CHIEF FAILS TO MAKE DECISION

Chief of Police Jonathon Jones said this morning that no decision had been reached as yet relative to putting H. B. Elam and H. H. Butler, former patrolmen, back to work or to reprimand both men as well as Sergeant A. H. Stephens as recommended by the findings of the civil service commission.

The men were dismissed recently following an altercation they had with Sergeant Stephens after they had arrested seven Chinamen and two Japanese all of whom were charged with gambling.

Following the dismissal of the two patrolmen they brought their cases before the civil service commission, which ordered their reinstatement.

"THE BARS ARE DOWN"

Interest in the N. O. Ogden company's sale continues unabated. On cards are on the table face up. No juggling of prices is done by the buyers. Farmers, salesmen, office men, machinists and even the horse-traders were here at the "Tap of the Gong," the opening day to get their share of the savings. The unalterable rule of this sale is our determination to sell and low prices are doing the trick.

"That is why this sale is attracting such wide public attention. Good merchandise, when sold at really low prices attracts great numbers of people because everybody is looking for such opportunities." Men and women are never fooled by false alarm sales—they always know the real thing. Only yesterday we received this letter from Oakland, Cal.:

"N. O. Ogden company, Ogden, Utah: Gentlemen—While in your city a few days ago my attention was called to some men's shoes being offered by your company, \$7.50 to \$15.00 values for \$3.98. I examined the shoes and buy a REAL \$15.00 VALUE EVERY THREAD PURE SILK HOSE FOR WOMEN FOR ONLY 98c. Where else can you buy a REAL \$40.00 to \$60.00 VALUE SUIT FOR MEN AT ONLY \$21.85? Never was the supremacy of a sale so keenly recognized. The surging power to the great values of this sale is awe-inspiring."

(Signed) "FRANK W. JOHNSON."

Just think, here is a stock placed at your mercy. A stock of the finest clothing, men's furnishings and men's and women's shoes, overalls, pumps, rubbers and hosiery the railroads ever brought into this city, but now we are offering them at prices actually in most instances less than the prices paid for the goods from the manufacturers.

Where else can you buy a UNION-MADE 220 WT. FULL CUT OVERALL FOR 96c. Where else can you buy a REAL \$15.00 VALUE EVERY THREAD PURE SILK HOSE FOR WOMEN FOR ONLY 98c? Where else can you buy a REAL \$40.00 to \$60.00 VALUE SUIT FOR MEN AT ONLY \$21.85? Never was the supremacy of a sale so keenly recognized. The surging power to the great values of this sale is awe-inspiring.

Katherine MacDonald in Mystery Picture at Orpheum Tonight

From the standpoint of audience interest, as well as with regard to an artistic character portrayal, Katherine MacDonald's latest feature, "Stranger Than Fiction," now at the Orpheum theatre, is among the best pictures in which the screen's most beautiful woman has appeared.

As Diane Drexel, daughter of a New York society family, Miss MacDonald portrays the role of a girl bored by the social routine which seems a necessary but painful task. So when the guests at one of her society affairs are robbed of their jewels in a sensational theft, the girl welcomes the opportunity to aid in apprehending the Black Hart gang, a band of crooks, who have the police force at bay.

The girls' experiences lead her into the tenements, the lower East Side and the ghetto where she runs squarely into the dens of the lower world. Strange and exciting are her experiences, despite the fact that she is mixed with a humor when she meets a little orphan lad, known as "Freckles." This part is played by Wesley Barry, whom Miss MacDonald secured for her picture by arrangement with Marshall Neilan. "Stranger Than Fiction," is released as an Associated First National attraction, and was directed by J. A. Barry.

Big Picture "Saturday Night" Now at Alhambra

Lingerie plays such an important part in Cecil B. DeMille's latest Paramount production, "Saturday Night," which is now showing at the Alhambra theatre, that Clare West, fashion designer for Mr. DeMille, was forced to devote the entire attention of her force of seamstresses to the making of these articles of milady's wardrobe for several days prior to production work.

Not all of these dainty bits of feminine apparel are worn in the picture, most of the serve only as "props"—atmosphere. They appear on clothes lines, in laundry baskets and in wardrobe chests. But they are all different and all beautiful. And a few, very few, are actually worn. It is whispered.

Leatrice Joy, Edith Roberts, Conrad Nagel, Jack Mower, Julia Faye, Edythe Chapman, Sylvia Ashton, Theodore Roberts, Joe Roberts, John Davidson and others, appear in the all-star cast of "Saturday Night." Not all of them are intimately associated with the lingerie, but most of the feminine players in the pictorial are at one point or another in the story.
